Master of Architecture: MArch 2+

The MArch 2+ curriculum is a five-semester, advanced-placement course of study that always begins in a fall semester. Students are considered for placement in the MArch 2+ curriculum on the basis of design portfolio evaluation and the extent of their undergraduate architectural studies. Placement in this curriculum is highly selective. The MArch 2+ sequence begins with the final, comprehensive core studio (ARCH 419) and concludes with the Degree Project; parallel course work in each of the five semesters matches that of the MArch 2 curriculum, plus electives selected in consultation with the student’s graduate adviser. This 75-credit program leads to a professionally accredited Master of Architecture degree.

Waiver Requirements

Students admitted to the MArch 2+ program have the opportunity to waive the following courses:

- Building Systems (ARCH 445)*
- Structures I (ARCH 447A)*
- Structures II (ARCH 448A)
- Architectural History I: Antiquity to Baroque (ARCH 4280)
- Architectural History II: Architecture Since 1880 (ARCH 4284)*
- Environmental Systems I (ARCH 438)*
- Environmental Systems II (ARCH 439)

The waived courses will be replaced with general elective credits.

* Admitted MArch 2+ students must waive at least one of these courses or they must take both Structures I and Structures II during the first summer of their program.
