Combined Bachelor's/Master's Program

The Combined Bachelor's/Master's Degree program (BS/Master's) in University College is designed for students who wish to pursue rigorous and accelerated study that will lead to both a Bachelor of Science and either a Master of Arts or Master of Science in areas of study for which there are degree programs in University College.

Eligibility Requirements

Eligibility requirements for the Combined BS/Master's program in University College include the following:

• Admission to a Bachelor of Science degree program in University College.
• Completion of a minimum of 60 units toward the Bachelor of Science degree, including transfer credit, with a 3.0 or higher cumulative grade-point average. Only in exceptional cases will candidates be authorized to pursue the BS/Master's Program after completing 84 units.
• Completion of a minimum of 12 units of undergraduate course work in University College, at least 9 of which must be at the advanced level (300- and 400-level courses), with a 3.0 or higher cumulative GPA.
• Completion of a Combined Bachelor's/Master's Program Preliminary Authorization Request.
• Two academic writing samples, at least one of which must be research-based, to be submitted to University College.
• Personal interview with the director of advising and/or the associate dean for academics.

Admission

Students who meet the eligibility requirements noted above should meet with their undergraduate adviser and complete the Combined Bachelor's/Master's Preliminary Authorization Request (PDF) found on our website. Two academic writing samples (one of which must be research-based) and a personal interview are also required for preliminary authorization. After a review of the writing samples and the personal interview, applicants will be informed whether or not they have been authorized to pursue the Combined BS/Master's program, which includes the authorization to register for graduate course work that will count toward both the undergraduate degree and the appropriate master's degree.
