Department of Obstetrics and Gynecology

The Department of Obstetrics and Gynecology (http://www.obgyn.wustl.edu) has clinical teaching services located at Barnes-Jewish Hospital and Missouri Baptist Medical Center under the following director:

George A. Macones, MD, MSCE
Professor and Head, Department of Obstetrics and Gynecology

In addition, for the purposes of teaching, clinical care and research, the Department of Obstetrics and Gynecology is divided into subspecialty divisions under the following directors:

- **Gynecologic Oncology**
  - Matthew A. Powell, MD

- **Maternal-Fetal Medicine**
  - Molly Stout, MD, MSCI

- **Fetal Care Center**
  - Michael Bebbington, MD, MHSc

- **Imaging**
  - Jeffrey M. Dicke, MD

- **Reproductive Endocrinology and Infertility**
  - Emily S. Jungheim, MD, MSCI

- **General Obstetrics and Gynecology**
  - Eric A. Strand, MD

- **Female Pelvic Medicine and Reconstructive Surgery** (formerly Uro-Gynecology)
  - Jerry L. Lowder, MD, MSc

- **Family Planning**
  - Tessa Madden, MD, MPH

- **Pediatric and Adolescent Gynecology**
  - Diane F. Merritt, MD

- **Minimally Invasive Gynecologic Surgery**
  - Scott W. Biest, MD

- **Research, Vice Chair**
  - Sarah K. England, PhD

- **Reproductive Health Sciences Center, Director**
  - Indira Mysorekar, PhD

- **Residency Program Director**
  - Eric A. Strand, MD

- **Residency Program Associate Director**
  - Omar M. Young, MD

---

**Vice Chair for Education & WUSM III Clerkship Director**
Tammy S. Sonn, MD

**Course Director**
Kenan R. Omurtag, MD

**Website:** http://www.obgyn.wustl.edu

**Degrees & Requirements**

Although the Department of Obstetrics and Gynecology does not offer its own degree, some of the department's courses are open to students in the MD and MSTP (MD/PhD) programs. Further information about the MD and MSTP degrees can be found in the Degrees & Programs (http://bulletin.wustl.edu/medicine/degrees) section of this Bulletin.

**Course Requirements**

Instruction in obstetrics and gynecology is provided during all four years of the medical curriculum. As a component of the anatomy course offered during the first year, students are introduced to the topic of the female pelvic cavity by an introductory lecture that brings to life clinical correlations with the understanding of anatomy and embryology. Teaching in the second year is designed to correlate basic science with the physiologic basis of normal pregnancy and parturition, reproductive biology, infertility and reproductive endocrinology, and gynecologic malignancies. All third-year medical students participate in a six-week clinical clerkship in obstetrics and gynecology. This is divided into three two-week components of outpatient OB-GYN, inpatient obstetrics and inpatient gynecology. During the fourth year, students may elect a subinternship in one of the listed clinical subspecialties, a special studies elective, or a research elective.

**Research**

Sarah England, PhD
Indira Mysorekar, PhD
Celia Santi, PhD
Ramakrishma Kommagani, PhD
Katherine Fuh, MD, PhD

BJC Institute of Health, 10th Floor
Phone: 314-286-1775

During this six-week elective, students will have the opportunity to immerse themselves in bench research in reproductive science.

- Dr. England's laboratory focuses on uterine contractility and ion channels in the uterine myometrium.
- The Mysorekar lab studies the dynamics of tissue regeneration in the adult mammalian urinary bladder, the pathogenesis of a common infectious disease in women (namely, recurrent urinary tract infections), and the potential infectious etiology of preterm birth in pregnant women.
• Dr. Santi’s work focuses on ion channels in mouse and human sperm.
• Dr. Fuh investigates cell signaling in ovarian cancer and the biology of ovarian cancer metastasis.

The main criteria for this rotation is that the student must have prior experience as an undergraduate or postgraduate in a laboratory, not including class work. This rotation is designed for the student who is planning a career in academic medicine as a physician-scientist and who is interested in considering reproductive science as a field. Prior to signing up for this course, the student must contact Dr. England to discuss the schedule and expectations of the rotation.

**Faculty**

**Department Head**
George M. Macones, MD, MSCE

**OB-GYN Student Clerkship Director**
Tammy Sonn, MD

Visit our website for more information about our faculty (http://www.obgyn.wustl.edu/content/199/faculty_listing.aspx) and their appointments.

**A**

**John K Appelbaum, MD**
Assistant Professor of Clinical Obstetrics and Gynecology (primary appointment)
MD Washington Univ in St. Louis 1984
BA Saint Louis University 1980

**Tomas Ismael Aquino**
Assistant Professor of Clinical Obstetrics and Gynecology (primary appointment)

**B**

**Sangeeta Kaur Babar, MD**
Instructor in Clinical Obstetrics and Gynecology (primary appointment)
BS Rensselaer Poly Institute 2001
MD Albany Medical College 2003

**Margaret Elizabeth Baum, MD, BA1**
Instructor in Clinical Obstetrics and Gynecology (primary appointment)
BA Saint Louis University 1997
MD John Hopkins Univeresity 2001
BA1 Saint Louis University 1997

**Michael William Bebbington, MD**
Professor of Obstetrics and Gynecology (primary appointment)
MD McMaster University 1982

**Robert L Becker, MD**
Assistant Professor of Clinical Obstetrics and Gynecology (primary appointment)
BA Cornell University 1965
MD Washington Univ in St. Louis 1969

**James E Belcher, MD**
Instructor in Clinical Obstetrics and Gynecology (primary appointment)
BS University of Texas Austin 1972
MD Washington Univ in St. Louis 1976

**Joe E Belew, MD**
Associate Professor of Clinical Obstetrics and Gynecology (primary appointment)
MD Saint Louis University 1957
BA Central Methodist College 1953

**Laura Bergin**
Instructor in Clinical Obstetrics and Gynecology (primary appointment)

**Scott W Biest, MD**
Associate Professor of Obstetrics and Gynecology (primary appointment)
BS University of MO Kansas City 1985
MD University of MO Kansas City 1989

**Jeffrey D Bloss**
Adjunct Associate Professor of Obstetrics and Gynecology (primary appointment)

**Richard Gerald Bolanos**
Instructor in Clinical Obstetrics and Gynecology (primary appointment)

**Kathryn L Botney, MD**
Instructor in Clinical Obstetrics and Gynecology (primary appointment)
MD Washington Univ in St. Louis 1984
BA Washington Univ in St. Louis 1980

**Lawrence V Boveri, MD**
Instructor in Clinical Obstetrics and Gynecology (primary appointment)
MD University of Missouri 1988

**Robert J Brown, MD**
Assistant Professor of Clinical Obstetrics and Gynecology (primary appointment)
BS St Peters College 1977
MD Washington Univ in St. Louis 1983

**Bruce L Bryan, MD, BE**
Assistant Professor of Clinical Obstetrics and Gynecology (primary appointment)
BE Purdue University 1973

**C**

**Alison Gale Cahill, MD**
Associate Professor of Obstetrics and Gynecology (primary appointment)
BA Yale University 1997
MD University of Connecticut 2002

Ebony Boyce Carter, MS, MD
Assistant Professor of Obstetrics and Gynecology (primary appointment)
Assistant Professor of Surgery (Public Health Sciences)
MS University of Michigan 2002
MD Duke University 2006
BS Stanford University 2000

Arthur L Casey, MD
Instructor in Clinical Obstetrics and Gynecology (primary appointment)
MD University of Missouri 1977

Emma Elizabeth Cermak, MD
Assistant Professor of Obstetrics and Gynecology
(Pending Executive Faculty Approval) (primary appointment)
BA University of Pennsylvania 2005
MD Case Western Reserve Univ 2010

Michael B Chen
Assistant Professor of Clinical Obstetrics and Gynecology
(primary appointment)

Ronald J Chod, MD
Adjunct Associate Professor of Obstetrics and Gynecology
(primary appointment)
BA University of Texas Austin 1978
MD Southwestern University 1983

Camaryn E Chrisman Robbins, M PH, MD
Associate Professor of Obstetrics and Gynecology (primary appointment)
M PH University of Michigan 1998
MD Wake Forest University 2004

MD University of Missouri 1984

David L Weinstein, MD
Associate Professor of Clinical Obstetrics and Gynecology (primary appointment)
BS University of Michigan 1981
MD Saint Louis University 1985

Denise Michelle Willers, MD
Associate Professor of Obstetrics and Gynecology (primary appointment)
BS Drake University 1996
MD Southern Illinois University 2000

Candice Woolfolk, PHD, M PH
Instructor in Obstetrics and Gynecology (primary appointment)
PHD Saint Louis University 2019
BS University of MO Columbia 2008
M PH Saint Louis University 2012

Heather E. Wuebker, MD
Instructor in Clinical Obstetrics and Gynecology (primary appointment)
MD University of MO Kansas City 1998
BA University of MO Kansas City 1996

Y

Omar M. Young, MD
Assistant Professor of Obstetrics and Gynecology (primary appointment)
MD Columbia University 2008

Haifaa Tawifiq Younis, MD
Instructor in Clinical Obstetrics and Gynecology (primary appointment)
MD Baghdad University 1984

Z

Sandra G.H. Zakroff
Instructor in Clinical Obstetrics and Gynecology (primary appointment)

Darryl Thomas Zinck
Instructor in Clinical Obstetrics and Gynecology (primary appointment)

Courses

M45 ObGyn 635B Obstetrics and Gynecology
The obstetric component of this course emphasizes the physiologic basis of normal pregnancy, parturition, and labor and
delivery, and adaptations of other organ systems to pregnancy. Pathophysiology of pregnancy and deviations from normal labor will also be introduced. The gynecologic component of the course reviews embryology, and includes the topics pediatric and adolescent gynecology, amenorrhea, abnormal uterine bleeding, infertility, menopause, and diagnosis and treatment of gynecologic neoplasms.

Credit 16 units.

M45 ObGyn 730 OB-GYN Clerkship
All third-year medical students participate in a six-week clinical clerkship in Obstetrics and Gynecology. This is divided into three two-week components of outpatient OB-GYN, inpatient obstetrics and inpatient gynecology. Comprehensive study of the reproductive health needs of women in both the office setting and the surgical setting is the focus of the curriculum. Students are actively involved in all settings of health care delivery: outpatient faculty clinics within all specialties, resident ambulatory clinics, operating rooms for all obstetric or gynecologic cases, inpatient floors of L&D and Gynecology, and the emergency department/hospital inpatient consults. Faculty, fellows, residents and nurse practitioners provide teaching for this rotation. Student-directed didactics include the faculty and chief resident lecture series, procedural skill station session and faculty-assigned preceptor groups that meet throughout their six-week rotation. Credit 231 units.

M45 ObGyn 804 OB-GYN Outpatient Care Subinternship
This experience is designed to primarily acquaint the student with the diagnosis and care of outpatients. Students will work one-on-one with attending staff to focus on an overview of the evaluation, diagnosis, and treatment of common obstetric and gynecologic conditions. The subintern will spend the majority of their time attending half-day clinics and private offices. Overnight OB call is required (approximately two evening shifts) to acquaint the student with the house staff and hospital and to provide opportunities for them to participate in deliveries. If desired, additional time can be arranged to participate in/observe outpatient surgical procedures. A 30- to 45-minute presentation to attendings and house staff on a selected OB-GYN topic will culminate the rotation.

M45 ObGyn 810 OB-GYN Endocrinology & Infertility Subinternship
The subintern will participate (in the office and hospital) in the study and treatment of women with reproductive endocrine disorders and infertility. The student will attend and present at conferences, attend surgery, observe assisted reproductive technology procedures, have assigned reading, and be an integral part of the reproductive endocrine service. Opportunities for clinical research projects in reproductive endocrinology are also available.

M45 ObGyn 830 Gynecologic Oncology Subinternship
The subintern will take part in the work-up of tumor patients prior to surgery and/or radiotherapy, assist in pelvic operations, help render perioperative care, and review pathology specimens and slides. The student will participate in GYN Tumor Clinic sessions, make hospital rounds with house staff, accompany chief residents on consultations, and attend OB-GYN conferences. Opportunities for clinical or basic research projects in gynecologic malignancy are also available.

M45 ObGyn 833 Special Topics in Reproductive Health
Students will attend a variety of outpatient clinics to interact with patients seeking different reproductive health services. Topics will include family planning and abortion services at the Hope Clinic and BJH; general gynecology services at our faculty practice GYN clinic (WHC) and the OB/GYN resident clinic (COH 3); specialized reproductive health services including STI testing and contraception at the St. Louis STD clinic, the SPOT, and the CS Clinic; and OB and pregnancy centering clinics at the Center for Outpatient Health and Affinia. There may also be an opportunity to attend an adolescent and pediatric gynecology clinic, a women’s cardiology clinic, and an adult transgender care clinic. Clinical experiences will be mainly ambulatory, but there is potential to work with the Family Planning faculty physicians in the operating room at Barnes-Jewish Hospital. The student will prepare a 15- to 20-minute presentation on a reproductive health topic of their choice to present at the end of the rotation.

M45 ObGyn 843 Maternal-Fetal Medicine Outpatient Care Subinternship
Students will see a variety of high-risk obstetrical patients in the outpatient setting at the Center for Outpatient Health. The student will evaluate various types of reproductive-age patients with medical or obstetrical complications, including preconception consultations, prenatal care consultations, and initial prenatal visits. The student will also see return patients to experience the continuity of prenatal care. Students will participate in antenatal testing and learn basic ultrasonography skills. The student will be responsible for one presentation to be given to the OB teams at the end of the rotation. Students are provided independent study time to put together the presentation, which should be in PowerPoint and on a topic of their choice, inspired by a patient-related clinical condition that peaked their interest during the block. In addition, the student will have the option to take overnight call or call in the Pregnancy Assessment Center in order to gain more hands-on experience with inpatient obstetrics. This is voluntary and not a requisite.

M45 ObGyn 844 Maternal-Fetal Medicine Inpatient (Antepartum) Subinternship
Subinterns will participate in the antepartum and intrapartum management of high-risk hospitalized patients. There is limited interaction with outpatients through the High-Risk Obstetrics Clinics and the Center for Diabetes in Pregnancy. Examples include diabetes, hypertension, renal disease, hematologic abnormalities, preterm labor, and others. Antepartum evaluation and monitoring of the pregnant woman and her fetus are emphasized. Supervision is by the antepartum chief resident and a maternal-fetal medicine faculty member and fellow. An opportunity for intense labor and delivery experience with the Night Team is also encouraged. Students will spend time observing diagnostic obstetric ultrasound examinations. The student will prepare a brief talk on a topic of their interest during the course of the rotation.

M45 ObGyn 856 OB-GYN Ultrasound — Genetics
Working with the attending physicians in the Ultrasound Units at the Center for Advanced Medicine and the Center for Women’s Wellness at Missouri Baptist Medical Center, the student will learn the principles and techniques of noninvasive screening for fetal disorders and observe the performance of invasive prenatal diagnostic procedures. The student will also learn the standards and guidelines for the performance of the antepartum obstetrical ultrasound examination and the female pelvic examination. Normal and abnormal fetal and gynecologic anatomy will
be reviewed. Experience will be gained in pedigree analysis and familial risk factor assessment by working with genetic counselors. One day is spent in the Cytogenetics Laboratory observing the preparation of prenatal specimens for karyotype analysis. Opportunities for participation in clinical research are also available.

**M45 ObGyn 861 GYN Female Pelvic Medicine & Reconstructive Surgery (Urogynecology) Subinternship**

The subintern will take part in the office evaluation of patients with pelvic floor disorders (including pelvic organ prolapse, urinary incontinence, fecal incontinence, and birth injuries), assist in pelvic floor reconstructive surgical procedures, and participate in perioperative care. The subintern will participate in office sessions and surgical cases and will be responsible for rounding with the urogynecology resident on service and for participating in consultations. The subintern will attend FPMRS didactic educational sessions and OB-GYN conferences. The subintern will be required to do a 45-minute presentation on an urogynecologic topic of their choice by the end of the rotation. Opportunities for clinical research projects in urogynecology are also available.

**M45 ObGyn 900 Research Elective — Obstetrics and Gynecology**

Research opportunities may be available. If interested, please contact the Department of Obstetrics and Gynecology.
