Tuition and Financial Information

University College is affordable, enabling students to pursue a Washington University education at a fraction of the cost of a full-time program.

Tuition and Fees

Tuition rates for University College undergraduate and graduate courses can be found in the fall, spring, and summer Course Schedules and online on our website (http://ucollege.wustl.edu/tuition). Tuition and lab or materials fees vary according to course and program.

Tuition Payment

All tuition and fees must be paid in full at the time of registration. Acceptable methods of payment include cash, check, credit card, approved financial aid, and approved employer tuition reimbursement plans.

Refunds

Refunds are calculated from the date the student completes a course change online. Refunds are sent via check or credited back to the credit card that was previously charged. Check refunds can be picked up at Student Financial Services in North Brookings Hall. Checks not picked up within two weeks are mailed to the student's local address. More information can be found in the fall, spring, and summer Course Schedules and online on our website (http://ucollege.wustl.edu/tuition/refunds).

Financial Assistance

University College students — part-time and full-time — who are enrolled in a degree or certificate program may be eligible for financial assistance in the form of grants, loans, and scholarships. Visit our website (http://ucollege.wustl.edu/financial/sources). You can learn more about financial assistance options and obtain the appropriate forms by contacting the financial aid coordinator in University College at 314-935-6742. If students receive any type of financial assistance through University College, they must meet the academic standing and satisfactory progress requirements as defined by the particular assistance program and Student Financial Services.

Satisfactory Academic Progress

Federal and state regulations require that educational institutions measure students' academic progress toward a declared educational objective. To remain eligible and retain disbursed federal and state financial aid, students must maintain satisfactory academic progress (SAP). To remain in good standing, students must satisfy the following requirements: undergraduate students must be on pace to complete their program by attempting no more than 150 percent of the credits required to meet their program requirements with a C (2.0) minimum grade point average; graduate students must be on pace to complete their program by attempting no more than 150 percent of the credits required to meet their program requirements with a B (3.0) minimum grade point average. In addition, all students receiving financial aid are reviewed on a case-by-case basis to ensure a significant portion of enrolled courses have been successfully completed.
