Admissions

Our school offers a top-ranked Master of Social Work degree and an innovative Master of Public Health degree, as well as PhD degrees in Social Work and in Public Health Sciences.

Hallmarks of a Brown School education include flexibility, interdisciplinary course work, and a commitment to evidence-based practice. We aim to give students the analytical foundation, frameworks, and tools to help them generate the deepest impact in the areas they’re most passionate about.

Master's Programs

To learn about the curriculum, application processes, and financial aid opportunities for each of our master’s programs, visit the corresponding site below. Each site will introduce you to the program’s practicum options, research opportunities, student resources, international programs, and student life.
