

# MPH/Master of Business Administration (MBA)

Students from this program earn a Master of Public Health degree from the Brown School and a Master of Business Administration degree from Olin Business School. The program of study requires the completion of 94.5 credit units taken over the course of three years.

Graduates with the joint MPH/MBA degree will have the interdisciplinary functional and critical-thinking skill set needed for distinctive impact and leadership in hospitals and pharmaceutical firms, health care consulting, policy think tanks, public administration and other management roles across the health care industry spectrum. Visit the Olin Business School website for more information.

**Note:** To enter a joint-degree program, an applicant must apply to each school separately and be admitted to both.
