

Master of Social Work

Website: <https://brownschool.wustl.edu/academics/master-of-social-work>

Degree Requirements Master of Social Work

Our two-year, 60-credit degree provides students with the fundamentals needed to have an impact on the field of social work while also providing them with opportunities to advance their analytical, leadership and team-building skills.

Our flexible curriculum includes outstanding research opportunities, real-world learning experiences through practica, and the opportunity to personalize their MSW. If students have earned a Bachelor of Social Work from a school accredited by the Council on Social Work Education, they may also be eligible for advanced standing credit.

Required Courses

The list below includes the required courses that students use to build their course of study. Because of the flexibility and customization of each MSW degree at the Brown School, the order in which students take their courses may vary.

Requirements	Units

Concentration Practicum	5 credits
Evaluation	3 credits
Leadership and Management	3 credits

Electives **	9 credits
Elective I	3
Elective II	3
Elective III	3

* Specific course options vary according to the concentration that a student pursues. Students have the opportunity to choose from a variety of courses offered within each category.

** Students use elective credits during years one and two to earn an optional specialization or to take other graduate course work. They can choose from a wealth of social work and public health electives, or they can pursue relevant courses from other Washington University graduate programs.

Our curriculum emphasizes an evidence-based approach to problem solving. As such, our faculty have found that an understanding of statistics analysis is critical to every student's success. Foundations courses will allow students to develop this competency.

Curriculum and required credits are subject to change.
