

Dual Degree: MEng/ MArch

The Graduate School of Architecture & Urban Design and McKelvey School of Engineering offer a unique Master of Engineering in Computer Science & Engineering and Master of Architecture joint degree opportunity. The Master of Engineering in Computer Science & Engineering (<https://cse.wustl.edu/academics/graduate/MEng-in-Computer-Science-Engineering.html>) is specifically designed for students who would like to combine studies in computer science and computer engineering with graduate-level work in architecture.

The requirements and duration of study for students admitted to the joint degree program are determined on a case-by-case basis.
