## About Olin Business School

At Washington University's Olin Business School, students learn to look beyond the bottom line and make thoughtful decisions that benefit business and society. Our global-mindedness — coupled with a values-based, data-driven approach to decision making — prepares students to tackle the greatest challenges of our day and to change the world, for good.

As a leading research-oriented business school, Olin has a network of partners on campus, in the St. Louis community, and around the world. Students are able to apply what they have learned in the classroom to real-world situations through experiential learning opportunities that include student consulting, internships, case competitions, and study abroad programs, among others. Students also develop an entrepreneurial mindset that allows them to act nimbly and quickly in the constantly changing business landscape.

Olin is a welcoming community that allows for a deeper level of engagement, collaboration and program customization. Students can rely on support from faculty, staff and their peers while feeling accomplished in the rigorous course work.
