Combined Bachelor's/Master's Program

The Combined Bachelor's/Master's Degree Program in University College is designed for students who wish to pursue rigorous and accelerated study that will lead to both a Bachelor of Science and either a Master of Arts or Master of Science in areas of study for which there are degree programs in University College.

Eligibility Requirements

Eligibility requirements for the Combined Bachelor's/Master's Degree Program in University College include the following:

- Admission to a Bachelor of Science degree program in University College
- Completion of a minimum of 60 units toward the Bachelor of Science degree, including transfer credit, with a 3.0 or higher cumulative grade-point average; only in exceptional cases will candidates be authorized to pursue the Bachelor's/Master's Program after completing 84 units
- Completion of a minimum of 12 units of undergraduate course work in University College, at least 9 of which must be at the advanced level (300- and 400-level courses), with a 3.0 or higher cumulative GPA
- Completion of a Combined Bachelor's/Master's Program Preliminary Authorization Request
- Two academic writing samples, at least one of which must be research-based, to be submitted to University College
- Personal interview with the Director of Advising and/or the Associate Dean for Academics

Admission Requirements

Students who meet the eligibility requirements noted above should meet with their undergraduate advisor and complete the Combined Bachelor's/Master's Preliminary Authorization Request. Two academic writing samples, one of which must be research-based, and a personal interview are also required for preliminary authorization. After a review of the writing samples and the personal interview, applicants will be informed whether or not they have been authorized to pursue the Combined Bachelor's/Master's Degree Program, which includes the authorization to register for graduate course work that will count toward both the undergraduate degree and the appropriate master's degree.

Students receiving this preliminary authorization are required to submit the Application for Graduate Admission (http://ucollege.wustl.edu/apply/) in University College during their final 30 to 36 units of undergraduate study, at which time their academic performance and potential for continued graduate study will be re-evaluated. If approved, students will be formally admitted to a graduate program of study.

Program Requirements

- Formal admission to the Office of Graduate Studies, Arts & Sciences, or University College
- Completion of a minimum of 135 units of course work, undergraduate and graduate, including all residency requirements for the Bachelor of Science degree
- Completion of all requirements of the student's graduate program, including a final written project where required, and in accordance with all academic policies and procedures for undergraduate and graduate study in University College and/or the Office of Graduate Studies, Arts & Sciences
- A maximum of 15 to 18 units of graduate course work (depending on the specific master's program) at the 400 and 500 levels may count toward requirements for the graduate degree and as unrestricted electives for the undergraduate degree.
- Students will receive both the Bachelor of Science and Master of Arts or Master of Science at the completion of the entire program.
