

Graduate Certificate in Health Behavior Planning and Evaluation

Please visit the Apply section of the Applied Health Behavior Research home page (<https://ahbr.wustl.edu>) or email the program manager at ahbr@wustl.edu for the application deadline and additional information.

The Graduate Certificate in Health Behavior Planning and Evaluation (<https://crtc.wustl.edu/programs/certificates/hbpe/>) is a 15-credit program featuring a curriculum that is focused on key applied and theoretical concepts in health behavior as well as on the processes needed for managing program development and evaluation activities in clinical and community settings.

Program Requirements

The graduate certificate can be pursued on a full- or part-time basis. Registration is open to anyone with a four-year undergraduate degree from an accredited university or college in an appropriate field of study. Applications are accepted on a rolling basis, and students may pursue course work at their own pace.

Required Core Courses for the Graduate Certificate

Code	Title	Units
AHBR 508	Project Management in Clinical and Community Settings	3
AHBR 514	Health Behavior Theory	3
AHBR 536	Health Education: Methods, Planning, and Evaluation	3
