Department of Otolaryngology

The Department of Otolaryngology-Head & Neck Surgery (http://oto.wustl.edu/) at Washington University in St. Louis has a rich, 130-year history of leadership in our field that is built on the foundations of academic medicine: patient care, research, training and service. Our past leaders include luminaries in the field of otolaryngology, such as John Blasdel Shapleigh, MD; Greenfield Sluder, MD; Lee Wallace Dean, MD; Theodore Walsh, MD; Joseph Ogura, MD; John Fredrickson, MD; Richard A. Chole, MD, PhD; and, presently, Craig A. Buchman, MD, FACS. Even from our earliest days, prior to the inception of the McMillan Eye, Ear, Nose and Throat Hospital (circa 1943), excellence has been an integral part of the department’s fabric. A look at former faculty and program graduates reveals many of the true innovators in our field. While we remain humbled by our beginnings and past achievements, we choose not to rest on our laurels. Rather, we aspire to further our commitment to improving patients’ lives by leading our field and its clinical application.

Today, more than ever, we are driven to provide highest-quality, cutting-edge patient care that is both safe and effective. Our Washington University physicians and team, together with our Honor Roll Award-winning hospital, Barnes-Jewish Hospital (U.S. News, 2018-19), are second to none when it comes to tackling the full spectrum of conditions involving the ear, nose, throat, head and neck. Our basic, translational and clinical research programs are remarkable, providing answers to a variety of relevant questions that build on our foundations of knowledge, lay the groundwork for future clinical trials, and provide state-of-the-art patient solutions. Our educational programs for medical and graduate students, physicians in training, and established practitioners are committed to creating a culture of lifelong learning that firmly establishes our next generation of leaders in the field. Our residency program is highly rated by all metrics, providing balanced training across the clinical subspecialties and unique opportunities for growth and development as clinician-scientists (T32 training grant) and educators. We are most proud that these activities are ongoing in a work culture that values collegiality, inclusiveness, diversity and mutual respect. The Department of Otolaryngology-Head & Neck Surgery at Washington University in St. Louis is a really outstanding place!

CID at Washington University School of Medicine

The consortium of graduate education, research and clinical programs known today as CID at Washington University School of Medicine was born out of the pioneering efforts of St. Louis physician Max Goldstein, MD. In 1914, he founded the Central Institute for the Deaf (CID), where doctors and teachers worked together to help deaf people. When CID’s school building opened two years later, its auditory/oral methods for instructing deaf children were groundbreaking.

Washington University and CID first joined forces in 1931, when CID’s established teacher training program became the first deaf education undergraduate program to affiliate with a university. Graduate programs in deaf education, audiology, and speech and hearing sciences soon followed.

CID’s research efforts began in the 1930s to study the anatomy and science of hearing. During World War II, CID’s research on hearing loss in military personnel laid the foundation for the field of audiology. CID also pioneered hearing testing and hearing aids, and it opened the country’s first hearing aid clinic in 1941. In September 2003, a new affiliation transferred CID’s graduate degree programs, research programs and adult audiology clinic — along with its building — to Washington University School of Medicine. The CID school continues to operate on the School of Medicine campus as CID — Central Institute for the Deaf.

Today, these programs continue to work together to fulfill a shared mission to serve people with hearing loss.

Faculty

Department Head

Craig A. Buchman, MD, FACS (https://oto.wustl.edu/people/craig-a-buchman-md/)

Visit our website for more information about our faculty (http://oto.wustl.edu/About-Us/Faculty-Physicians/) and their appointments.

A

Azadeh Afshari, MS, DDENT
Instructor in Clinical Otolaryngology (primary appointment)
BS West Virginia University 2004
MS Univ of Texas Med Sch Houston 2013
DDENT Univ of Texas Med Sch Houston 2014

B

Sean B Bailey, MS, MD
Instructor in Clinical Otolaryngology (primary appointment)
MS Tulane University 1988
MD Tulane University 1987
BS Tulane University 1981

Jianxin Bao, PHD
Adjunct Associate Professor of Otolaryngology (primary appointment)
PHD University of Florida 1992

Lynda Cheryl Berkowitz, MS
Instructor in Otolaryngology (primary appointment)
Instructor in Audiology and Communication Sciences
BS University of Illinois 1981
MS Washington Univ in St. Louis 1983

Pablo M Blazquez Gamez, PHD
Associate Professor of Otolaryngology (primary appointment)
PHD University of Seville 1998

Andrew E Bluher, MD
Assistant Professor of Otolaryngology (primary appointment)
MD University of Maryland 2014
BS Princeton University 2009

Joseph P Bradley, MD
Assistant Professor of Otolaryngology (primary appointment)
BS Washington Univ in St. Louis 2003
MD University of Kansas Medical 2008

Pablo M Blazquez Gamez, PHD
Associate Professor of Otolaryngology (primary appointment)
PHD University of Seville 1998

Andrew E Bluher, MD
Assistant Professor of Otolaryngology (primary appointment)
MD University of Maryland 2014
BS Princeton University 2009

Joseph P Bradley, MD
Assistant Professor of Otolaryngology (primary appointment)
BS Washington Univ in St. Louis 2003
MD University of Kansas Medical 2008

Gregory Harris Branham, MD
Professor of Otolaryngology (primary appointment)
MD University of South Carolina 1983
BS University of South Carolina 1979

Craig Alan Buchman, MD
Lindburg Professor of Otolaryngology (primary appointment)
Head of the Department of Otolaryngology
BA University of Georgia 1986
MD University of Florida 1990

John Jeonhwan Chi, MD, MS
Associate Professor of Otolaryngology (primary appointment)
MD SUNY DOWNSTATE MED BROOKLYN 2007
BS Columbia University 2001
MS City College 2003

John N Chiapel
Instructor in Clinical Otolaryngology (primary appointment)

Richard A Chole, MD, PHD
Professor of Otolaryngology (primary appointment)
Professor of Audiology and Communication Sciences
Professor of Developmental Biology
MD University of Southern Calif 1969
PHD University of Minnesota 1977

William W. Clark, PHD, MS, PHD1
Professor of Otolaryngology (primary appointment)
Professor of Audiology and Communication Sciences
Professor of Education
PHD University of Michigan 1975
MS University of Michigan 1973
PHD1 University of Michigan 1975
BA University of Michigan 1969

Sheldon C Cohen, DDENT
Instructor in Clinical Otolaryngology (primary appointment)
BS Washington Univ in St. Louis 1973

Lisa S. Davidson, MS, PHD
Associate Professor of Otolaryngology (primary appointment)
Associate Professor of Audiology and Communication Sciences
MS Washington Univ in St. Louis 1987
PHD Washington Univ in St. Louis 2003
BS East Tennessee State Universi 1985

Sheldon L Davis
Assistant Professor of Clinical Otolaryngology (primary appointment)

Andrew J. Drescher, MD
Associate Professor of Otolaryngology (primary appointment)
BS Yale University 1998
MD University of Michigan 2002

Nedim Durakovic, MD, MA
Assistant Professor of Clinical Otolaryngology (primary appointment)
BA Washington Univ in St. Louis 1967
MD University of Illinois 1970

Katherine Dunsky, MD
Assistant Professor of Otolaryngology (primary appointment)
MD Saint Louis University 2010

Nyssa F Farrell, MD
Assistant Professor of Otolaryngology (primary appointment)
BA Brown University 2007
MD Brown University 2012
MA Brown University 2012

Charles Coleman Finley
Adjunct Research Associate Professor of Otolaryngology
(primary appointment)

Jill B Firszt, MS, PHD
Professor of Otolaryngology (primary appointment)
BS University of Illinois 1978
MS University of Illinois 1982
PHD University of Illinois 1998

Debra Ann Gonzalez, MD
Assistant Professor of Otolaryngology (primary appointment)
MD Cornell University 1987
BS Wellesley College 1982

James Dean Gould, MD
Instructor in Clinical Otolaryngology (primary appointment)
MD University of Virginia 1993
BA University of Virginia 1989

Heather Jean Grantham, M ED, PHD
Associate Professor of Otolaryngology (primary appointment)
Associate Professor of Audiology and Communication Sciences
Director of Deaf Education Studies in Audiology and Communication Sciences
BA Emory University 1995
M ED Smith College 2005
PHD Washington Univ in St. Louis 2009

Michael Anne Gratton, PHD
Professor of Otolaryngology (primary appointment)
PHD State Univ of NY Buffalo 1989

Christine Hilleary Gustus, MS
Instructor in Otolaryngology (primary appointment)
Instructor in Audiology and Communication Sciences
MS Washington Univ in St. Louis 1975
BS Purdue University 1973

Jason M. Hanson, MD
Instructor in Clinical Otolaryngology (primary appointment)
BA Johns Hopkins University 1988
MD Northwestern University 1992

Eugenio Guidote Herbosa
Instructor in Clinical Otolaryngology (primary appointment)

Jacques A Herzog, MD
Associate Professor of Otolaryngology (primary appointment)
BA University of Missouri 1980
MD University of MO Kansas City 1980

Keiko Hirose, MD
Professor of Otolaryngology (primary appointment)
Professor of Audiology and Communication Sciences
Professor of Pediatrics
Vice Chairman for Pediatrics Dept of Otolaryngology
MD Harvard University 1993

Lawrence M Hoffman, DDENT
Instructor in Clinical Otolaryngology (DMD) (primary appointment)
BA Indiana University Bloomington 1972
DDENT Washington Univ in St. Louis 1976

Dee Jay Hubbard, PHD, MA, MA1
Adjunct Assistant Professor of Otolaryngology (Speech Pathology) (primary appointment)
PHD University of Iowa 1967
BS Kansas State University 1962
MA University of Iowa 1965
MA1 University of Missouri 1999

Margaret Naunheim Huston, MD
Assistant Professor of Otolaryngology (primary appointment)
MD University of Chicago 2013
BA Duke University 2009

Ryan Scott Jackson, MD
Assistant Professor of Otolaryngology (primary appointment)
MD Saint Louis University 2009
BA Saint Louis University 2004

Arnold Scott Jacobson, MS, DDENT
Instructor in Clinical Otolaryngology (DMD) (primary appointment)
BA University of Missouri 1970
MS University of Missouri 1977
DDENT Washington Univ in St. Louis 1976

Susan Jerger
Adjunct Research Professor of Otolaryngology (primary appointment)

Dorina Kallogjeri, MD, M PH
Assistant Professor of Otolaryngology (primary appointment)
MD University of Tirana 1997
M PH Saint Louis University 2007

Eugenia Kardaris
Instructor in Clinical Otolaryngology (DDS) (primary appointment)

Cristine Nicole Klett-Cromwell, MD
Assistant Professor of Otolaryngology (primary appointment)
MD University of Oklahoma 2011
BS University of Oklahoma 2007

Carl Wesley Lee, MD
Instructor in Clinical Otolaryngology (primary appointment)
BA Stanford University 1998
MD Case Western Reserve Univ 1992

David Seamus Leonard, MBCHB, MHA
Associate Professor of Otolaryngology (primary appointment)
MBCHB National University of Irelan 2000
BA Dartmouth College 1995
MHA Harvard University 2012

Jeffery Lichtenhan, PHD, MSSH, BAS
Assistant Professor of Otolaryngology (primary appointment)
Assistant Professor of Audiology and Communication Sciences
PHD University of Kansas 2006
MSSH University of Kansas Medical 2002
BAS University of Kansas 1999

Judith E Lieu, MD
Professor of Otolaryngology (primary appointment)
Vice Chairman Education Department of Otolaryngology
Richard W Maack, MD
Instructor in Clinical Otolaryngology (primary appointment)
BS Muhlenberg College 1981
MD University of Maryland 1985

Marshall S Manne, DDENT, MS
Instructor in Clinical Otolaryngology (DDS) (primary appointment)
BA Washington Univ in St. Louis 1956
DDENT Washington Univ in St. Louis 1960
MS Indiana University Bloomington 1964

Claire Matthews, PHD, MA
Adjunct Assistant Professor of Otolaryngology (Speech Pathology) (primary appointment)
BA University of Kansas 1969
PHD University of Kansas 1980
MA University of Kansas 1978

Angela Liu Mazul, PHD, MS
Assistant Professor of Otolaryngology (primary appointment)
Assistant Professor of Surgery (Public Health Sciences)
BS Georgia Tech 2009
PHD University of North Carolina 2016
MS Tulane University 2010

Murray D McGrady, MD
Instructor in Clinical Otolaryngology (primary appointment)
BS University of Illinois 1982
MD University of Illinois 1986

Maithilee D Menezes, MD
Associate Professor of Otolaryngology (primary appointment)
BS Grinnell College 1997
MD Grinnell College 2002

David W. Molter, MD
Professor of Otolaryngology (primary appointment)
BS Duke University 1980
MD Duke University 1988

Gerald William Moritz, MD
Instructor in Otolaryngology (primary appointment)
MD Saint Louis University 1970
BS University of California 1965

Nancy Tye Murray, PHD, MS
Professor of Otolaryngology (primary appointment)
Professor of Audiology and Communication Sciences
BS Texas Christian University 1977
PHD University of Iowa 1984
MS University of Iowa 1979

Margaret A Ogden, MD
Professor of Otolaryngology (primary appointment)
Vice Chairman for Clinical Operations Dept of Otolaryngology
BA Amherst College 1997
MD Washington Univ in St. Louis 2002

Kevin Kenneth Ohlemiller, PHD
Associate Professor of Otolaryngology (primary appointment)
Associate Professor of Audiology and Communication Sciences
BS Indiana University Bloomington 1983
PHD Northwestern University 1990

Amanda J Ortmann, MS, PHD
Assistant Professor of Otolaryngology (primary appointment)
Assistant Professor of Audiology and Communication Sciences
Director of Audiology Studies in Audiology and Communication Sciences
BS Missouri Baptist College 2001
MS Washington Univ in St. Louis 2003
PHD University of Pittsburgh 2012

Margaret Grace Peak, PHD, MA
Adjunct Assistant Professor of Otolaryngology (Audiology)
(Primary appointment)
PHD Columbia University 1975
BS Maryville University 1959
MA Saint Louis University 1961

Jonathan Erik Peelle, MS PSYC, BAS, PHD
Associate Professor of Otolaryngology (primary appointment)
Associate Professor of Psychological & Brain Sciences
MS PSYC Brandeis University 2002
BAS Houghton College 1999
PHD Brandeis University 2005

Jay Francis Piccirillo, MD
Professor of Otolaryngology (primary appointment)
Professor of Biostatistics
Professor of Medicine
Professor of Occupational Therapy
Vice Chairman for Research, Dept of Otolaryngology
BA University of Vermont 1979
MD University of Vermont 1985

Patrik Pipkorn, MD
Assistant Professor of Otolaryngology (primary appointment)
MD University of Gothenburg 2007

Gerald Raymond Popelka
Adjunct Professor of Otolaryngology (primary appointment)
Lisa Gayle Potts, PHD, MS
Assistant Professor of Otolaryngology (primary appointment)
Assistant Professor of Audiology and Communication Sciences
PHD Washington Univ in St. Louis 2006
BS Southern Illinois University 1988
MS Washington Univ in St. Louis 1991

Sidharth Venkata Puram, PHD, MD
Assistant Professor of Otolaryngology (primary appointment)
PHD Harvard University 2011
BS Mass Inst of Technology (MIT) 2005
MD Harvard University 2013

Casey Krauss Reimer, PHD
Assistant Professor of Otolaryngology (primary appointment)
PHD Washington Univ in St. Louis 2019

Jason T. Rich, MD
Associate Professor of Otolaryngology (primary appointment)
BS Brigham Young University 2000
MD Ohio State University 2004

Mark A Rutherford, PHD
Assistant Professor of Otolaryngology (primary appointment)
PHD University of Oregon 2005
BS University of MO St Louis 1999

Alec N Salt, PHD, MS
Professor of Otolaryngology (primary appointment)
BS University of East Anglia 1973
PHD University of Birmingham 1977
MS University of Birmingham 1974

John Stone Schneider, BBA, MD, M PP
Associate Professor of Otolaryngology (primary appointment)
BBA University of Chicago 1997
MD University of Chicago 2007
M PP University of Chicago 2007

Allen Sclaroff, DDENT
Professor of Clinical Otolaryngology (Oral Surgery) (primary appointment)
DDENT Temple University 1972
BA University of Colorado Boulder 1968

Karl Shanker, DDENT
Instructor in Clinical Otolaryngology (DDS) (primary appointment)
DDENT University of Missouri 1978
BA Washington Univ in St. Louis 1975

Lavinia Sheets, PHD
Assistant Professor of Otolaryngology (primary appointment)
Assistant Professor of Developmental Biology
PHD Oregon Health Science Univers 2007
BS Pacific University 1996

Emily A. Spataro, MD
Assistant Professor of Otolaryngology (primary appointment)
MD Washington Univ in St. Louis 2012
BS Duke University 2007

Isolde E Thalmann, PHD, MA
Professor Emeritus of Otolaryngology (primary appointment)
PHD California Western 1982
MA Washington Univ in St. Louis 1973
BS Washington Univ in St. Louis 1968

Rosalie May Uchanski, MS, PHD
Assistant Professor of Otolaryngology (primary appointment)
Assistant Professor of Audiology and Communication Sciences
BS University of Illinois Chicago 1978
MS Mass Inst of Technology (MIT) 1981
PHD Mass Inst of Technology (MIT) 1988

Mark Edward Warchol, PHD
Professor of Otolaryngology (primary appointment)
Professor of Audiology and Communication Sciences
Professor of Neuroscience
PHD Northwestern University 1989
BS University of Washington 1981

Cameron Connelly Wick, MD
Assistant Professor of Otolaryngology (primary appointment)
BS Washington & Lee 2006
MD Wright State University 2010

Tatyana Aleksandrovna Yakusheva, PHD, MS
Assistant Professor of Otolaryngology (primary appointment)
PHD Russian U of Friendship of Ppl 2002
MS Saratov State University 1997

Jose Pedro Zevallos, MD, MPH
Dr Joseph B Kimbrough Chair for Maxillofacial Surgery and Prosthodontics in the Washington University Department of Otolaryngology (primary appointment)
BS Middlebury College 2000
MD Rutgers University 2005
MPH Univ of Texas Med Sch Houston 2014

Research Electives

Otolaryngology Research Electives

During the fourth year, opportunities exist for many varieties of advanced clinical or research experiences.
The type of research will depend upon the current phase of the research program in each laboratory. Students should contact the director of each laboratory to negotiate.

**Pablo M. Blazquez, PhD**  
East McDonnell Science Building  
4566 Scott Avenue  
Phone: 314-362-1013

This lab studies the role of the vestibulocerebellum and its target nuclei for eye movement control and spatial orientation. We use a range of methodologies, including single and multiunit recordings, electrical brain stimulation, computational methods, pharmacology and behavioral studies. Our main lines of research are as follows: (1) signal transformations carried out by the vestibulocerebellum during visual and vestibular stimulation; (2) neuronal computations performed by the anterior and posterior cerebellar vermis for spatial navigation in mice; and (3) the role of the cerebellum-brainstem loop in motor learning in the vestibulo-ocular reflex.

Students will be instructed in one or several techniques and are expected to contribute significantly to the development of specific lab projects.

**Judith E.C. Lieu, MD, MSPH**  
3S35 Children's Hospital; and McMillan, 9th Floor  
Phone: 314-747-8205

Our focus is clinical outcomes research in pediatric otolaryngology. The Clinical Outcomes Research office performs clinical epidemiology and health services research. (Please reference the research elective offered by Dr. Jay Piccirillo for more details.) These techniques and methodologies are applied to investigate clinical problems in children. Projects currently underway include the evaluation of the quality of life of young children with hearing loss, the evaluation of hearing loss on the perception of fatigue in children, and the use of MRI to investigate the effects of hearing loss in children. Potential studies include evaluating changes in the quality of life of children who begin using hearing amplification devices. Other projects of the student’s choosing that would utilize these research techniques may also be pursued.

**Jay F. Piccirillo, MD**  
McMillan, 9th Floor  
Phone: 314-362-8641

The Clinical Outcomes Research Office performs clinical epidemiology and health services research. Clinical epidemiology is the study of diagnosis, prognosis and the evaluation of treatment. Health service research is the study of the delivery of health care. The scientific methodology of clinical epidemiology is based on the architecture of clinical research, biostatistics and data processing. Current projects include studying the impact of comorbidities on the treatment and outcomes of patients with cancer. We also conduct research into the neurobiology, treatment and outcomes of patients with tinnitus. One method that we employ is the use of smartphone technology to capture ecological momentary assessments of tinnitus. Additional projects include exploiting neuroplasticity as part of olfactory training for patients with anosmia. With the use of clinical epidemiology methodology, we can also study a variety of other diseases.
Courses

M55 Oto 660B Clinical Topics In Otolaryngology
This course consists of nine introductory lectures on common diseases of the head and neck, including voice disorders, head and neck cancer, hearing loss, management of vertigo, pediatric otolaryngology, salivary gland disorders, sinusitis, otolaryngologic emergencies and facial trauma. Additionally, there is a case-based roundtable focusing on otorhinolaryngology disorders affecting the geriatric population and the involvement of allied health care disciplines in the evaluation and management of these patients. Each lecture is highlighted by case presentations and treatment options in addition to pathophysiology. This course follows the physical examination practicum given earlier in the academic year. Credit 9 units.

M55 Oto 801 Otolaryngology Subinternship
Four-week rotation includes evaluation of ENT problems presented to specialist for diagnosis and treatment. The student participates in the clinic, hospital, and operating room. This may also include time on the Pediatric ENT Service, Audiology, Voice Laboratory, and Vestibular Evaluation Laboratory. Option of rotation on the ENT Service at VAMC is possible.

M55 Oto 803 Pediatric Otolaryngology
The student will actively participate in the clinical office, inpatient consultations, and surgery with the attending staff at St. Louis Children's Hospital. Care would be taken to provide experience in the common problems one would see in primary care pediatrics or family practice. Participation in sub-specialty/ multidisciplinary clinics such as the Cleft and Craniofacial clinic is encouraged. Opportunity will be provided to learn the fundamentals of audiological evaluation. Students participating in this elective will attend academic conferences in both the pediatric and adult divisions.

M55 Oto 833 Ambulatory Otolaryngology for the Primary Care Physician
This course offers a four-week exposure to ambulatory care of patients with diseases of the head and neck. Eight half-day sessions per week will be offered in attending clinics for general otorhinolaryngology, head and neck cancer, otology, and pediatric otorhinolaryngology. Two half-day sessions are reserved for audiology, vestibular lab, and voice lab experience. Surgical exposure is available for selected cases as identified by the student and attending physician, but the main goal of this rotation is outpatient diagnosis and management.

M55 Oto 900 Research Elective - Otolaryngology
Research opportunities may be available. If interested, please contact the Department of Otolaryngology.
