

Washington University School of Medicine in St. Louis

Washington University School of Medicine is a world leader in medical education, research and patient care. Its graduate programs in medical education (<http://bulletin.wustl.edu/medicine/areas-of-study/medical-education/>), occupational therapy (<http://www.ot.wustl.edu/>), physical therapy (<https://pt.wustl.edu/>) and audiology (<https://pacs.wustl.edu/>) are considered to be among the nation's best. Faculty lead a robust research enterprise, supported by \$569.2 million from the National Institutes of Health during the fiscal year ending June 30, 2022. The school's physicians provide care in partnership with the nationally ranked Barnes-Jewish Hospital (<http://www.barnesjewish.org>) and St. Louis Children's Hospital (<http://www.stlouischildrens.org>).

Official Course Catalog

The *Bulletin* of Washington University School of Medicine presents the academic policies, services, and course and degree program offerings of the school. It also includes academic calendars, leadership, and directories for faculty, students and staff.
