Policies & Guidelines of the School of Medicine

The policies and guidelines listed here relate to Washington University’s and the medical school’s educational mission. These policies, procedures and guidelines exist to assist Washington University students, faculty and administrators with doing the business of Washington University in St. Louis in ways that are effective, consistent and compliant and to provide a safe, effective and supportive environment in which to learn, teach and work.

Washington University Policies & Guidelines

Some universitywide policies are available on the University Policies page (http://bulletin.wustl.edu/about/policies/) of this Bulletin. A more complete list is available on the Washington University Compliance and Policies page (https://wustl.edu/about/compliance-policies/).

School of Medicine Policies & Guidelines

Washington University School of Medicine is committed to providing a safe, professional and supportive environment in which to learn. These policies and guidelines pertain to professionalism, appropriate conduct and student rights. They exist to protect students and employees as they conduct their daily responsibilities.
