

Speech and Hearing Minor

Program Requirements

Total units required: 15

Required Course

Code	Title	Units
Educ 234	Introduction to Speech, Language, and Hearing Sciences	3

Elective Courses

At least four of the following, totaling at least 12 units:

Code	Title	Units
PACS 324	Acoustics and Speech Perception	3
PACS 343	Observation in Audiology	3
PACS 344	Observation and Methods in Speech-Language Pathology	3
PACS 360	Introduction to Audiology	3
PACS 401	Anatomy and Physiology of Speech and Hearing	3
PACS 4301	Sign Language I	2
PACS 4302	Sign Language II	2
PACS 4303	Sign Language III	2
PACS 434	Typical Language Development	3
PACS 443	Speech and Language Disorders	3
Ling 170D	Introduction to Linguistics	3
Ling 312	Phonetics	3

Additional Information

This minor is composed of a minimum of 15 units that focus on the study of speech, language, and hearing. Of the 15 units, 3 units must be Educ 234; at least 9 units must be at the 300 level or higher; and at least 9 units must be offered by the department (M89). To count toward the minor, courses must be selected from the courses listed above or approved in advance by the minor advisor. A grade of C- or higher is required for a course to count toward the minor.

For students who intend to pursue graduate studies in audiology, speech-language pathology, or deaf education, we recommend meeting with the minor advisor to develop a course of study that will fulfill prerequisite requirements for the intended area of study.

Because the minor in speech and hearing sciences is offered by the Program in Audiology and Communication Sciences (PACS) in the School of Medicine, it may not be used as an Integration and does not otherwise fulfill any Arts & Sciences distribution requirements.
